B2- 2: Work Order Task 2

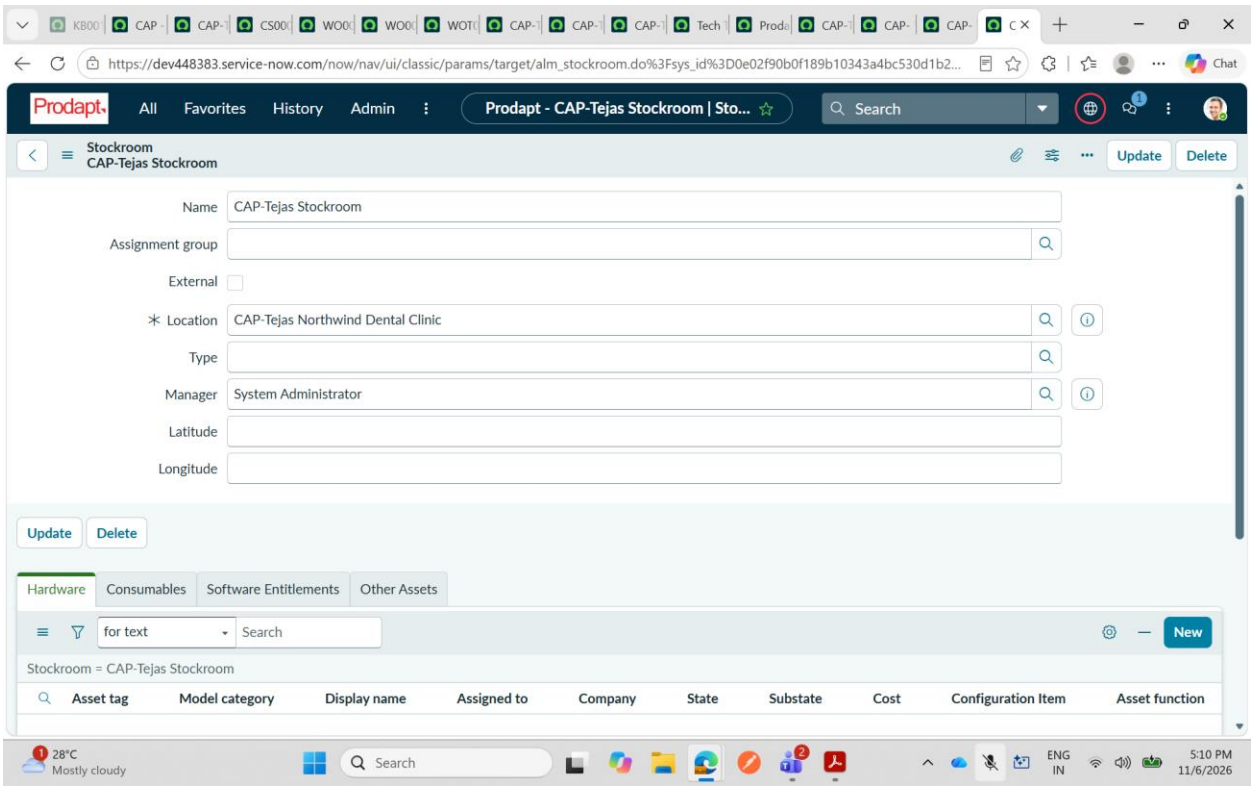

B2- 3: Work Order Completion status

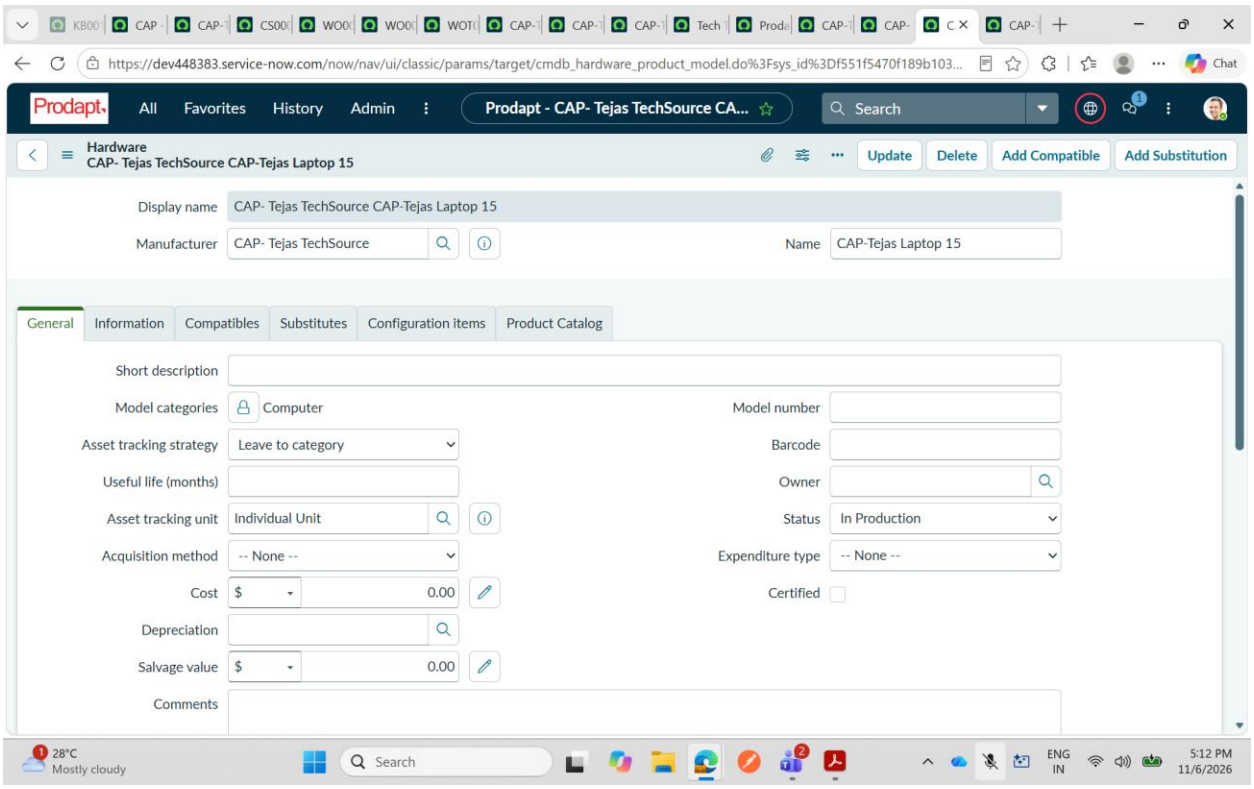

Part C

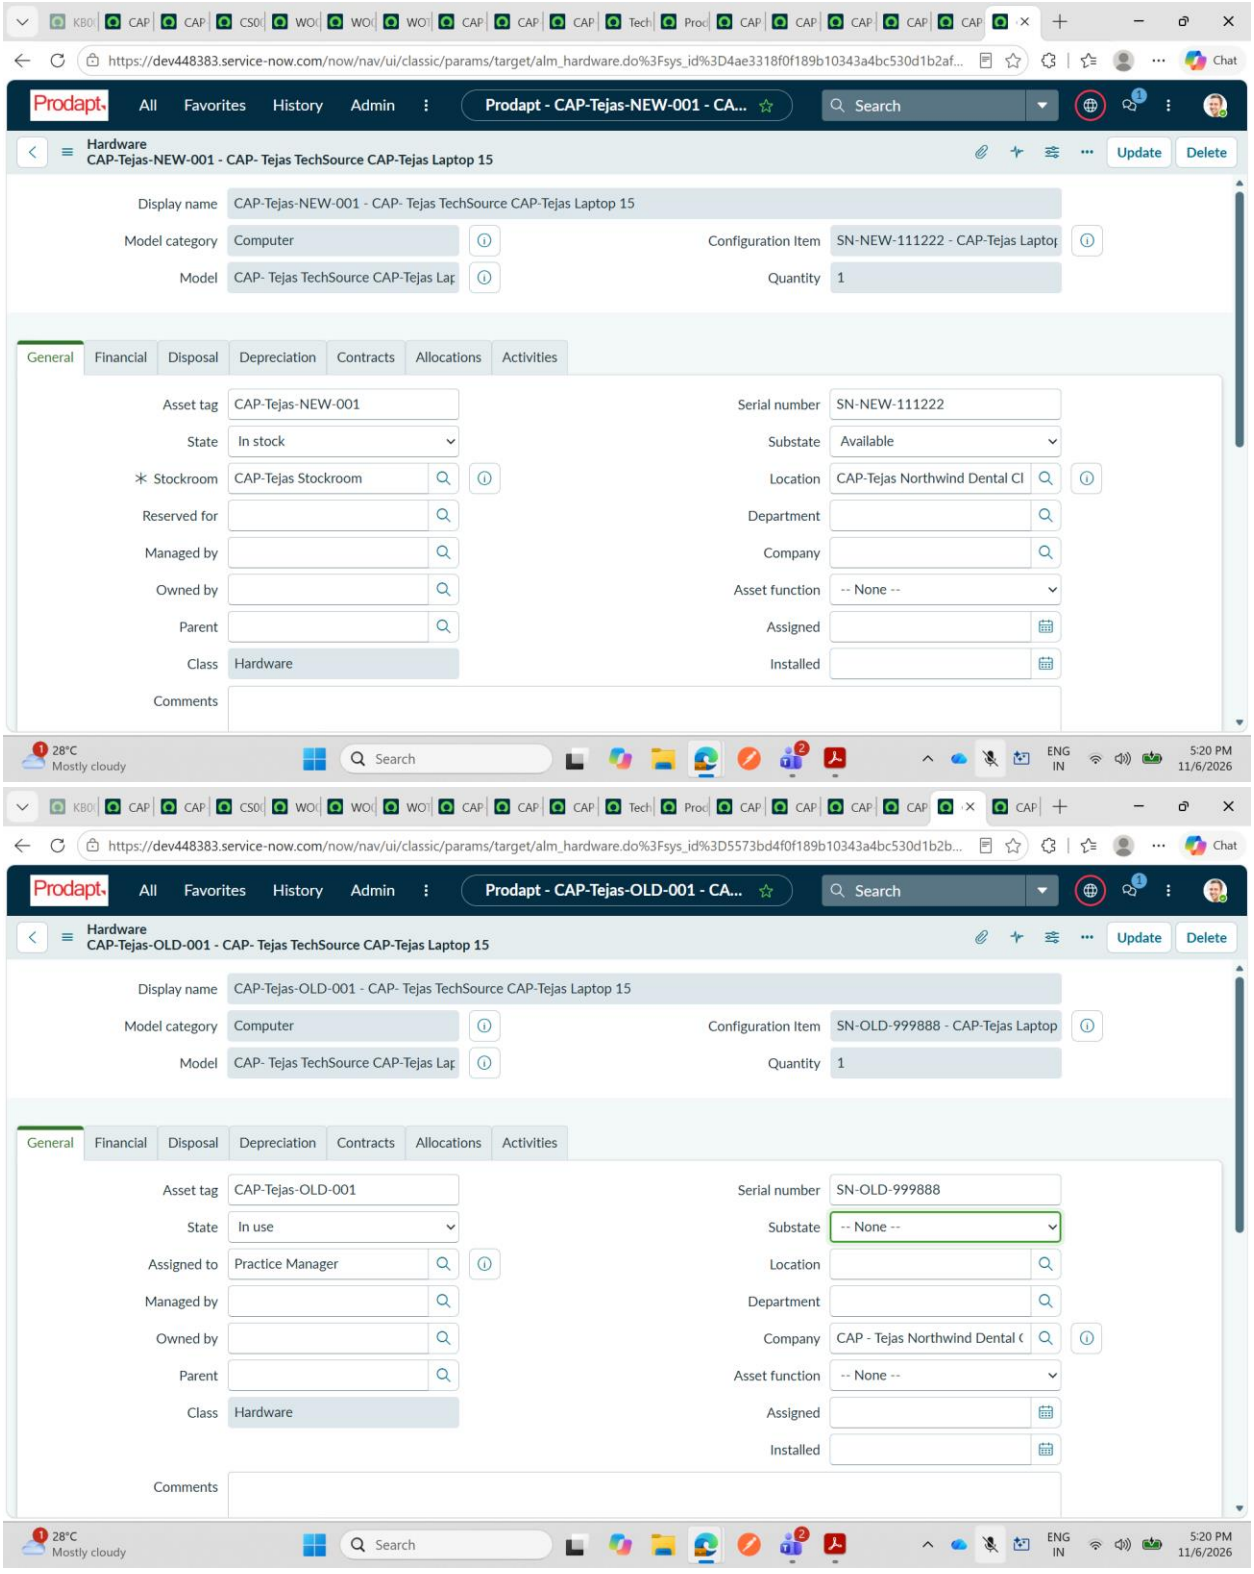

C1- 1: Stockroom

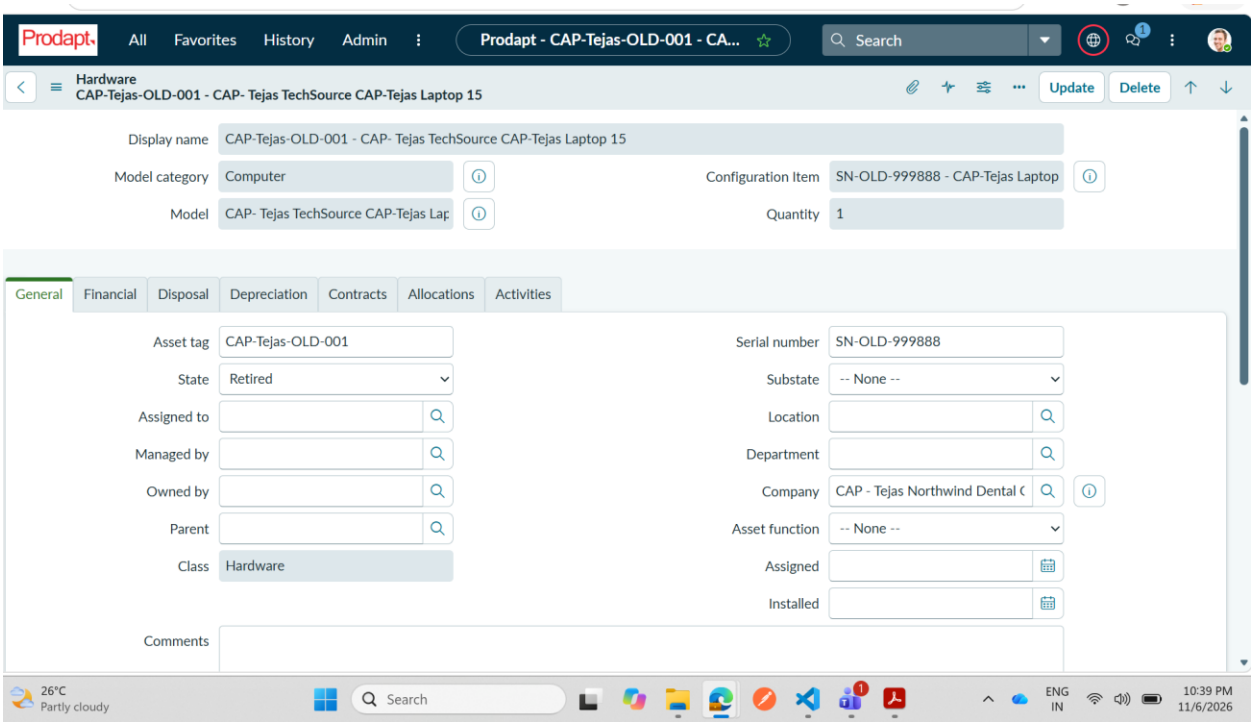

C1- 2: Hardware model form

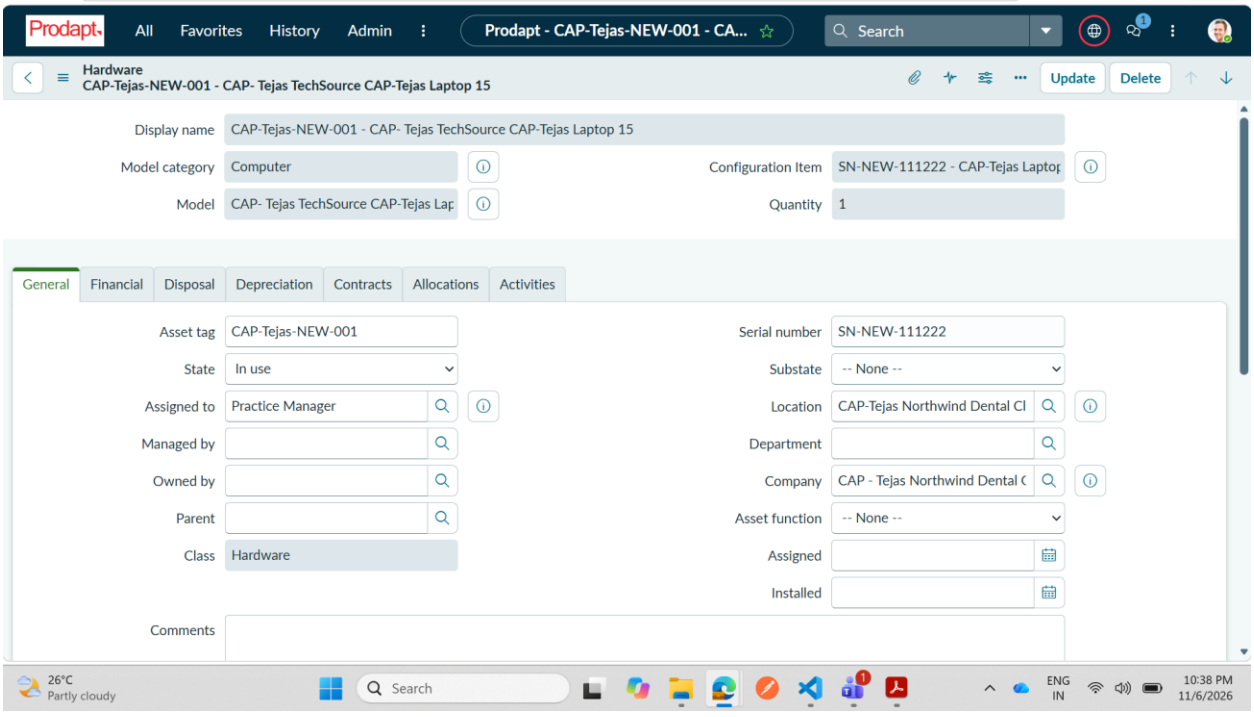

C2: Screenshots of both asset forms

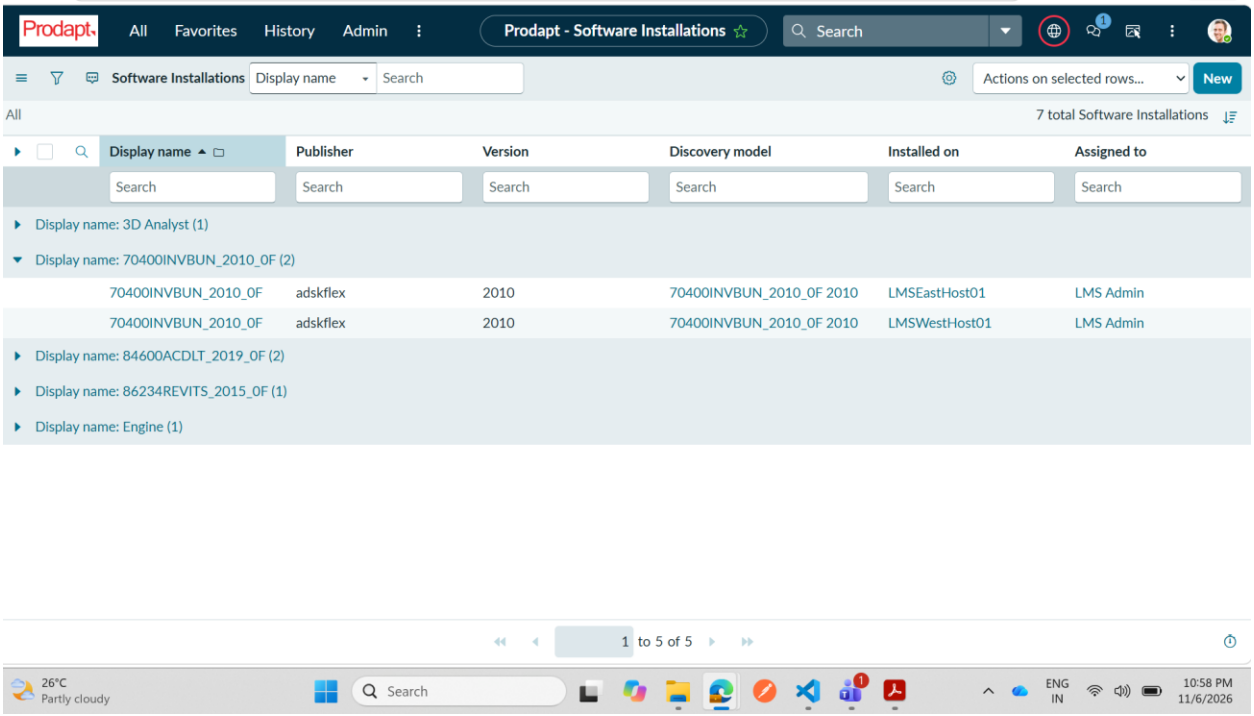

C4: Asset Old and New assignment

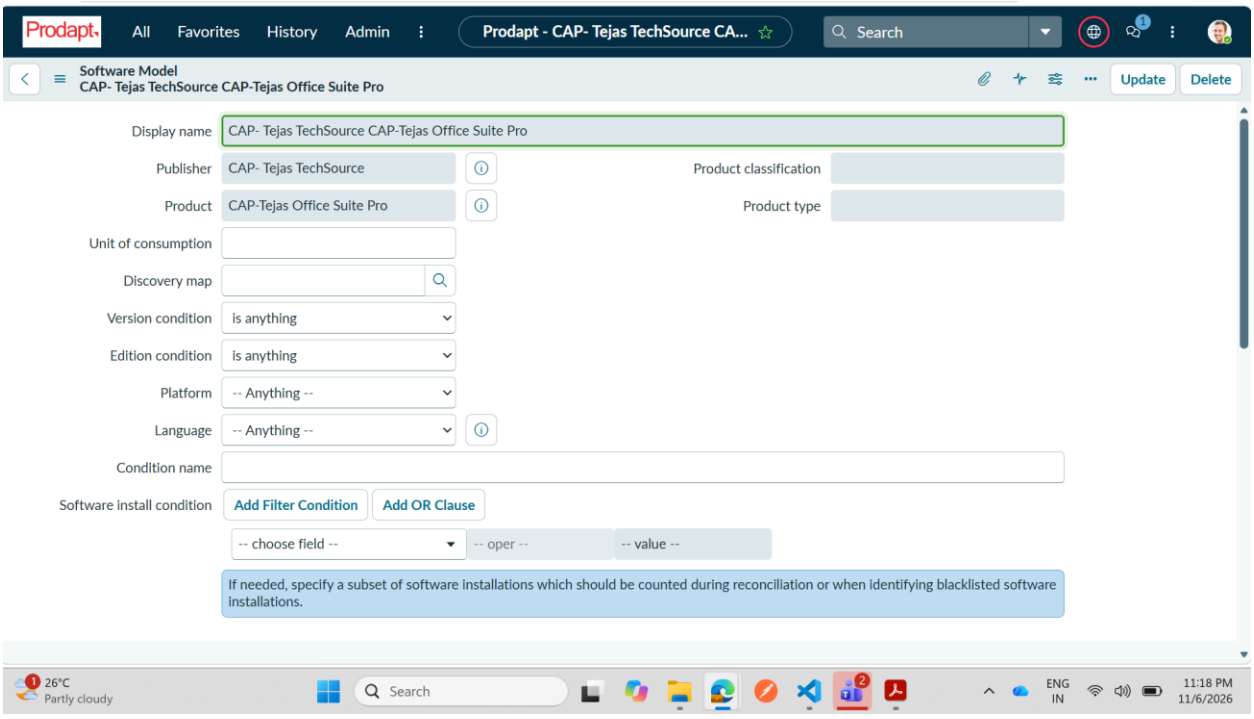

Part D

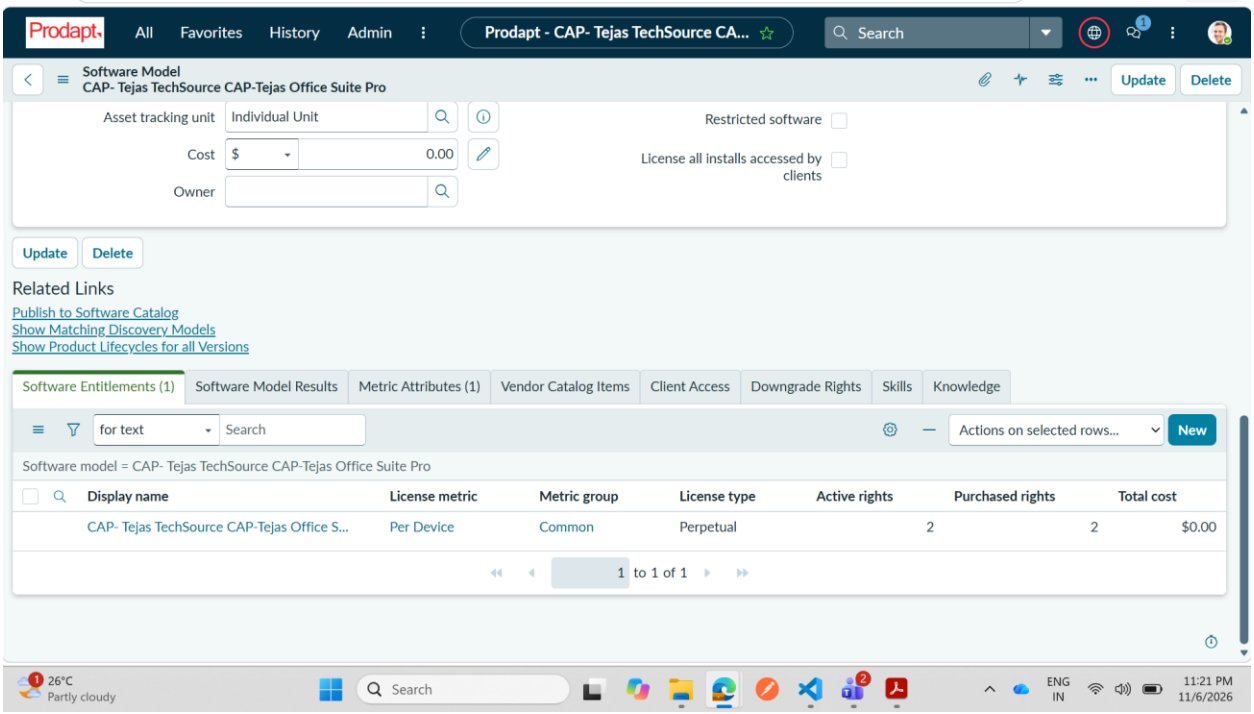

D1: Filter of software installations > 5

D2- 1: Created software model

D2- 2: Entitlements

Part E

E1: A complete short table of all records and fields

Module	Record Type	Record Name / Identifier	Connecting Field / Relationship	Connected To Record
CSM	Customer Account	`CAP-Tejas Northwind Dental Group`	Parent Account link on Contact / Contract	Customer Contacts & Service Contract
CSM	Customer Contact	Practice Manager	`Account` field	Customer Account (`CAP-Tejas Northwind Dental Group`)
CSM	Service Entitlement	Entitlement for Device Support	`Account` & `Contract` fields	Customer Account & Service Contract

CSM	Knowledge Article	`CAP-Tejas Laptop will not power on: first checks`	Attached via Case related list (`kb_use` / Task SLA)	Support Case
CSM	Customer Case	Case Number (e.g., `CS00100xx`)	`Account`, `Contact`, & `Entitlement` fields	Northwind Dental Group & Entitlement
FSM	Work Order	Work Order Number: `WO0010039`	`Case` reference field & Service Location (`CAP-Tejas Northwind Dental Clinic`)	Customer Case & Account
FSM	Work Order Tasks	`CAP-Tejas Diagnose laptop` & `CAP-Tejas Replace laptop`	`Work Order` parent field & Predecessor dependency	Work Order (`WO0010039`)
FSM	Skill	Teju Tech with `CAP-Tejas Hardware Repair` skill	`Assigned to` field on Work Order Tasks	Work Order Tasks
ITAM	Hardware Assets	`CAP-Tejas-OLD-001` & `CAP-Tejas-NEW-001`	`Model` (`CAP-Tejas Laptop 15`) & `Assigned to` / `Stockroom`	Hardware Model & Customer Contact / Stockroom
SAM Foundation	Software Installation	`CAP-Tejas Office Suite Pro` installations	`Installed on` (Computer CI) reference field	Computer CIs (`CAP-Tejas-PC1`, etc.)

SAM Foundation	Software Entitlement	Entitlement record (Per Device metric)	`Software Model` (`CAP-Tejas Office Suite Pro`) link	Software Model & Installation Data

E2: Summary

- The implementation successfully connects the entire Northwind Dental Group capstone scenario across CSM, FSM, and ITAM using the custom **`CAP-Tejas`** prefix. It begins in Customer Service Management with the creation of the account **`CAP-Tejas Northwind Dental Group`**, linked contacts, an active service contract, and an entitlement that enabled a support case to be resolved using the published knowledge article `CAP-Tejas Laptop will not power on: first checks`.

- This case seamlessly triggered an FSM Work Order (**`WO0010039`**) directed at `CAP-Tejas Northwind Dental Clinic`, featuring sequenced work order tasks (`CAP-Tejas Diagnose laptop` and `CAP-Tejas Replace laptop`) assigned to technician **`Teju Tech`** holding the required **`CAP-Tejas Hardware Repair`** skill.

- Finally, the physical lifecycle was managed through the hardware model `CAP-Tejas Laptop 15` by retiring the old asset (**`CAP-Tejas-OLD-001`**) and deploying the replacement asset (**`CAP-Tejas-NEW-001`**), while downstream software installations for **`CAP-Tejas Office Suite Pro`** were evaluated against device entitlements to establish the final compliance position.
